

Steve and Brooke Highlander In Papua New Guinea

This is home: Kumbas, Enga Province

March 2017

THREE MONTHS IN THE USA

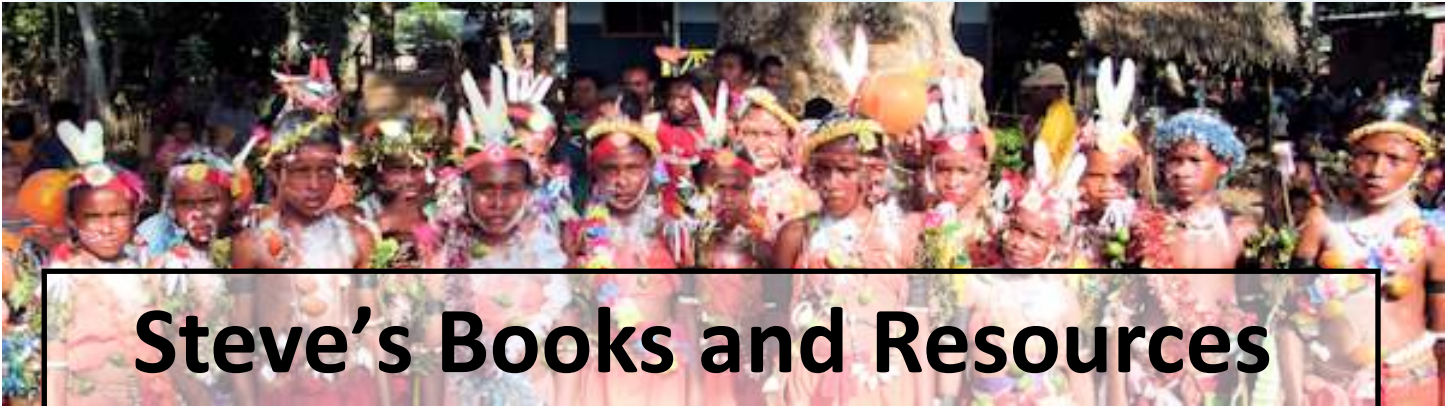

It's been a while since we have put out a newsletter. In May we returned to the USA for furlough and to attend the Foursquare Connection in Nashville, TN. Needless to say, we have been on the move since May. We started out with services in two Foursquare Churches in LA, then flew to Kansas City to visit with our family. The next week we drove to Celina, Ohio for a Sunday service and left in the afternoon for Nashville, TN. After week at Connection (which was great) we drove 12 hours to Nevada, MO to be with Christ's Church of Nevada on Sunday Morning and with the Barn in Blue Mound, Ks on Sunday night. We went back on Wed. night to teach in the midweek service. The next Sunday we spoke at Community Christian in Nevada, MO. Then back to KC. We spoke in Topeka, KS at Harvest Foursquare on a Sunday morning and at the Foursquare Church in Ottawa, KS on that same Sunday night. We made a three week trip to Wichita KS where we spoke at the Foursquare Church in Arkansas City, KS; our sending church, New Life Foursquare, in Udall, KS; and at Christian Chapel Foursquare, Wichita. I also spoke in a Men's Conference at the Center Foursquare Church in Wichita. Back to KC. Then to Springfield, MO for a ministry banquet and Rockville, MO to share on a Sunday morning. We spoke in my sister's church, Somerset Chapel in Louisburg, KS. Our last service in July was with Journey Foursquare Church in Raytown. WHEW! We planned to return to Papua New Guinea on August 7, but our plans got derailed. (See the article to the right.) At this point we are not sure when we will be returning—but we are returning. In the meantime if anyone wants to see us or have us speak while we are still in the states, please contact us.

A special thank you to everyone for their support and hospitality as we have traveled around the country.

WE NEED A MIRACLE

Many people already know that In July Brooke was diagnosed with cancer. It is extremely rare and aggressive and doesn't respond too well to chemotherapy. While it is not bladder cancer it is severely affecting her bladder. We just found out the cancer has not spread, which is a miracle—because the doctors already said it had. While this was a first miracle, we need a second touch of total healing. It is a good thing we serve a miracle working God. We have hundreds, if not thousands around the world who are praying for her and us. We would ask you, our prayer and financial partners to pray fervently for totally healing. We also are requesting prayer for spiritual and emotional peace and strength. It is not just a physical battle. We have good reason to believe that this is a spiritual attack on our whole team from demonic forces in PNG where the Gospel is making a significant inroad. The Devil wants us to stop. We will not, in Jesus' name. Please help us stand in this spiritual battle. Thanks!

Steve's Books and Resources

In the past two years I have written and published a few books and booklets in PNG. Some of these books are available in PDF eBook format that you can read on any eBook reader. You can get all three of these books for FREE through this month's newsletter. The first book is **FOUR ANOINTINGS EVERY CHURCH SHOULD HAVE: Establishing the Body of Christ in the Local Assembly** (120 pages). The second book is **TRUE SABBATH: The Sabbath isn't a day it is a person** (40 pages); and the third you is **GOING DEEPER** (25 pages). **There are links below to read or download each of the books for FREE. Four Anointings is also available on Kindle for \$4.95.**

Four Anointings

Why is it that the Spirit of God moves powerfully in some churches and not others? Discover the three anointings that God instituted to manage His Kingdom and how, when they are properly functioning in the church, they produce a fourth anointing on the congregation. One of the Apostle Paul's greatest revelations was the reality of the Body of Christ and the priesthood of all believers. This book re-visits this fundamental truth much of the church has lost or ignored. Get it here in PDF for free or on Amazon Kindle for \$4.95. <http://stevehighlander.com/book-four-anointings>.

True Sabbath

Christians are still arguing over which day of the week is the "Sabbath Day," or even if Christians should observe the Sabbath at all. The truth is that the True Sabbath, for the Christian, is Jesus Christ. And the first True Sabbath a person can enter into is Salvation by Faith through Him. Steve explores the scriptures from both sides of the fence and clearly shows the Old Testament Sabbath Day—like the temple, the feasts, the priesthood and the sacrifices—was a type and shadow of the reality that was to be revealed through the New Covenant. Get it here free <http://stevehighlander.com/sabbath/>

Going Deeper

Using the analogy of deep sea diving I show how any Christian can and should develop a deeper relationship with God in three specific areas: A deeper revelation of who God is; a deeper revelation of God's eternal purposes; and a deeper commitment to walking out the will of God in our lives. This book will challenge you to go a little deeper in your walk with God — no matter where you are at right now! Get it here <http://stevehighlander.com/wp-content/uploads/2016/09/Going-Deeper.pdf>
